What Famous Mothers Might Have Said

Mary, Mary, Quite Contrary's Mother: "I don't mind you having a garden, Mary, but does it have to be growing under your bed?"

Mona Lisa's Mother: "After all that money your father and I spent on braces, Mona, that's the biggest smile you can give us?"

Humpty Dumpty's Mother: "Humpty, If I've told you once, I've told you a hundred times not to sit on that wall. But would you listen to me? Noooo!"

Columbus' Mother: "I don't care what you've discovered, Christopher. You still could have written!"

Babe Ruth's Mother: "Babe, how many times have I told you -- quit playing ball in the house! That's the third broken window this week!"

Michelangelo's Mother: "Mike, can't you paint on walls like other children? Do you have any idea how hard it is to get that stuff off the ceiling?"

Napoleon's Mother: "All right, Napoleon. If you aren't hiding your report card inside your jacket, then take your hand out of there and prove it!"

Custer's Mother: "Now, George, remember what I told you -- don't go biting off more than you can chew!"

Abraham Lincoln's Mother: "Again with the stovepipe hat, Abe? Can't you just wear a baseball cap like the other kids?"

Barney's Mother: "I realize strained plums are your favorite, Barney, but you're starting to look a little purple."

(Continued on page 5)

Mary's Mother: "I'm not upset that your lamb followed you to school, Mary, but I would like to know how he got a better grade than you."

Batman's Mother: "It's a nice car, Bruce, but do you realize how much the insurance is going to be?"

Goldilocks' Mother: "I've got a bill here for a busted chair from the Bear family. You know anything about this, Goldie?"

Little Miss Muffet's Mother: "Well, all I've got to say is if you don't get off your tuffet and start cleaning your room, there'll be a lot more spiders around here!"

Albert Einstein's Mother: "But, Albert, it's your senior picture. Can't you do something about your hair? Styling gel, mousse, something...?"

George Washington's Mother: "The next time I catch you throwing money across the Potomac, you can kiss your allowance good-bye!"

Jonah's Mother: "That's a nice story, but now tell me where you've really been for the last three days.

Superman's Mother: "Clark, your father and I have discussed it, and we've decided you can have your own telephone line. Now will you quit spending so much time in all those phone booths?

Thomas Edison's Mother: "Of course I'm proud that you invented the electric light bulb, Thomas. Now turn off that light and get to bed!"

Things Moms Would Never Say

- "How on earth can you see the TV sitting so far back?"
- "Yeah, I used to skip school a lot, too"
- "Just leave all the lights on...it makes the house look more cheery"
- "Let me smell that shirt -- Yeah, it's good for another week"
- "Go ahead and keep that stray dog, honey. I'll be glad to feed and walk him every day"
- "Well, if Timmy's mom says it's OK, that's good enough for me."
- "The curfew is just a general time to shoot for. It's not like I'm running a prison around here."
- "I don't have a tissue with me... just use your sleeve"
- "Don't bother wear<mark>ing a jacket</mark> the wind-chill is bound to improve"

HEALTHY EATING HABITS

Submitted by Wendell Smitherman

If you've decided to start eating healthier- trading doughnuts for fruit and chips for nuts, you may be well on your way to a longer, more vibrant life. However, it is important to be sure that your eating habits and lifestyle choices are not sabotaging those good intentions by robbing your body of nutrients. In addition, it all starts with how you cook your food, says Paula Mendelsohn, a registered dietitian and functional medicine nutritionist.

"There are certain preparation methods that are a lot more depleting of nutrients than others," she tells Health Radar. "As a rule of thumb, the less time and lower temperature required preparing the food, the better it will maintain its nutrient content."

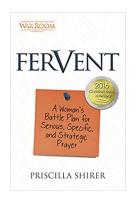

If not eaten raw, vegetables best retain their nutrients when cooked by steaming for two to three minutes in a microwave. Nutrient levels can be affected by other factors. Here are five of the worst offenders. Smoking, caffeine, sugar, alcohol, carbonated drinks and medications.

MACEDONIA BIBLE & BOOK CORNER

Submitted by Sonja Gray

You have an enemy and he's dead set on destroying all you hold dear and keeping you from experiencing abundant life in Christ. What's more, his approach to disrupting your life and discrediting your faith isn't general or generic, not a one-size-fits-all. It's specific. Personalized. Targeted.

So this book is your chance to strike back. With prayer. With a weapon that really works. Each chapter will guide you in crafting prayer strategies that hit the enemy where it hurts, letting him know you're on to him and that you won't back down. Because with every new strategy you build, you're turning the fiercest battles of life into precise strikes against him and his handiwork, each one infused with the power of God's Spirit.

New York Times bestselling author Priscilla Shirer, widely known for her international speaking, teaching, and writing ministries, brings her new role from the 2015 film War Room into the real lives of today's women, addressing the topics that affect them most: renewing their passion, refocusing their identity, negotiating *family* strife, dealing with relentless regrets, navigating impossible schedules, succeeding against temptation, weathering their worst *fears*, uprooting *bitterness*, and more. Each chapter exposes the enemy's cruel, crafty intentions of all kinds in these areas. then equips and encourages you to write out your own personalized prayer strategies on tear-out sheets you can post and pray over yourself and your loved ones on a regular basis.

Fervent is a hands-on, knees-down, don't-give-up action guide to practical, purposeful praying. The paperback is available in the Bible and Book Corner.
